is a very fine individual.

Joe Brown, Jr., was shown last season in the three-year-old form and never failed to wear the blue in his own class and won many sweepstake premiums with the best aged horses in Kentucky as competitors and I took great pains in selecting and buying this fine saddle stallion for the benefit of my friends, patrons and mare-owners, so they can raise something that will meet the demand, for it never was greater nor the price higher than now for good, high-class, gaited and walk-trot horses and that is just what you will raise if you take care of the get of JoE BROWN, JR., not horses that you can sell from \$500 to \$1,000, if handled and properly cared for. There is nothing in praise of this great stallion that any one could say that he is not worthy of. This young stallion will serve a limited number of mares at my sale barn at \$15.00 to insure a living colt. Lien retained on colts till season money is paid.

The Warfield, was bred to only 15 mares. He has 12 foals, all up-headed, plenty of style, size and substance and plenty of speed. The Warfield is a representative stailion in all the term implies. To say that he has size, substance and speed only in part emphasize the qualities combined in this son of Dare Devil. He has them and they are of such symmetrical character as to make him a stallion among many. His head and neck, body, feet and legs are perfect and when seen in connection with his faultless gait and great beauty are especially impressive. You should see this horse before breeding. You will say you never looked at a better one. The Warfield is the only stallion that has 7 dams in the great brood mare list. He has two Mambrino King crosses, two Mambrino Patchen, two Mambrino Chief, one Chimes, one Onward, I George Wilkes, I Electioneer, I Nutwood 1 Strathmore, more trotting crosses than any stallion alive.
